- Hold an Australian Drivers License

Employment History

Bicycle Mechanic

99 Bikes

October 2019 – Current

Running a workshop alongside two other mechanics where we provide specialised servicing, maintenance and fixing of traditional and electronic bicycles. My responsibilities include:

- Exceptional customer service and customer collaboration in ensuring bookings, warranty queries and bicycle customisation meet the high standards of myself and our customers
- Responsible for diagnostic work and trusted to fix and service the bicycles with attention to detail
- Efficient and always problem-solving, I utilise all my resources to ensure the jobs are completed quickly and with well executed solutions
- Interacting and communicating well with both mechanical and sales staff to maintain an exciting and supportive work environment

Load-out Operator

Diamond Valley Pork, Melbourne

December 2017 – October 2019

Working within a small team to load pork onto trucks. This job requires:

- Lifting and moving loads up to 80kgs using manual handling and equipment to manage these lifting requirements safely
- Positive and effective communication to maximise team efficiency
- Ability to work flexible hours, including early mornings and late nights

Luggage Handler and Driver

Acciona, Frankfurt Airport, Germany

May 2015 – June 2017

The 4th busiest airport in Europe covers an area of 2,000 hectares (4,942 acres) of land and features two passenger terminals with a capacity of approximately 65 million passengers per year, four runways and extensive logistics and maintenance facilities. The airport is also the 12th busiest worldwide. While working here, my responsibilities included the following:

- Collected and delivered luggage to and from aircraft
- Drove with multiple trailers, including reversing
- Drove the stairs required for disembarking, as well as other large equipment required, such as containers and transport belts to the aircraft
- Completed daily tasks unsupervised
- Entrusted to train new employees on luggage handling and driving skills

Education Summary

Certificate III Light Vehicle Mechanical Technology (AUR30616)

Baxter Institute, Melbourne, Australia

July 2018 – August 2019

- Successfully completed all required modules to satisfy requirements for this certificate
- Engaged in practical workshops, allowing improvement of my eye for details and hands on skillset
- Worked in teams to efficiently complete both practical and theoretical tasks

Mechanical Apprentice

Mercedes Benz, Spain and Germany

April 2012 – July 2012

I worked at two Mercedes Benz dealerships in Europe to gain mandatory workplace experience while concurrently completing my studies as an Electromechanical Vehicle Technician. The skills I gained here include:

- Basic servicing skills and working on major repairs
- Diagnostic work and utilising diagnostic equipment
- Maintaining clean workspaces and embracing teamwork to maximise job efficiency
- I learnt the flow and important roles everyone plays in a dealership workshop

Degree as Electromechanical Vehicle Technician,

IES Nuestra Señora de la Victoria de Lepanto, Spain

2010 – 2012

Completed modules on:

- Motors, Fluid circuits, Basic electromechanical circuits, Techniques of mechanisation for vehicle maintenance, Auxiliary motor systems, Transmission and brake systems, Auxiliary vehicle electronic circuits, Safety and comfort systems, Training in work centres (practical experience)

Included mandatory apprentice-style placements at:

- Mercedes-Benz Barajas – Madrid
- Mercedes-Benz Sindelfingen – Germany
